5. Management Discussion and Analysis Report

Industry Structure and Developments:

The Financial Year 2021-22 was fairly a year of recovery from the adverse impacts of COVID-19 pandemic. The Indian economy successfully faced the challenges posed by the second and third waves of the pandemic, thanks to successful implementation of vaccination program, untiring services of the front line warriors, fiscal and monetary policies, and stimulus measures of Reserve Bank of India, central and state governments which gave a much-needed cushion for the stability of the economy.

Opportunity and Challenges:

India's retail inflation soared to an 18-month high of 7.5% in April 2022 driven by inflationary pressures, post which the RBI announced a 40 bps repo rate hike in May 2022 in an off-cycle monetary policy to combat the said rise in inflation. While RBI's stance remains accommodative in order to support growth, ensuring that inflation remains within the target going forward shall be key for a sustainable growth environment. However, a downside to this is any further increase in the rates may force Banks and NBFCs to further increase their lending rates, and thus affecting consumption and capital expenditure.

Nevertheless, the opportunities for growth remain intact driven by strong economic fundamentals, robust and favourable economic policies, digital push and growing global preference for India as an investment destination. The Financial Consulting Industry looks promising, however, there are several challenges and risks ahead which deserve an integrated approach to managing the uncertainties and opportunities.

Segment-wise or product-wise performance:

The Company is solely engaged in financial consultancy services, which is the only reporting segment. The total revenue from financial advisory services stood at Rs. 6,50,000/- as compared with Rs. 5,00,000/- in the previous financial year.

Outlook:

Given the proactive efforts by the regulator and the push from the government to support growth, the Company expects the inflationary environment to soften and a large vaccinated population is likely to contain the impact of subsequent COVID-19 waves, which will give way to robust growth going forward. This in turn shall spur credit demand across retail, SME and corporate segments, and reflect in the performance of the financial services sector as a whole.

With a staggered global recovery, FY2021-22 witnessed the consumer demand coming back. Although a part of the year was affected by the pandemic, immunisation and collective action saw a gradual uptake in the West, which was mirrored in the rest of the world leading to the economies regaining lost ground. While the initial pick-up in inflation was led by demand recovery on the previous year’s low base, persistent disruptions in the global supply chain network have caused inflationary pressures to be more broad-based, running at multi-decade highs in almost all the major economies. Almost all the central banks are now taking policy measures to taper down the extraordinary liquidity that was pumped in to support the economy during the pandemic and tightening the monetary policy to rein in their runaway inflation.

Risk and concerns:

The broader trends in the economy are expected to have a direct impact on your Company’s growth prospects as well. In addition, the anticipated increase in interest rates by Central Banks in the coming year are also expected to lower growth and exert pressure on economies particularly those in emerging markets.

Internal Control Systems and their adequacy:

The Company has an effective internal control and risk-mitigation system, which are constantly assessed and strengthened with new/revised standard operating procedures. The present internal control systems are adequate and commensurate with the nature and size of the Company.

Material developments in Human Resources/Industrial Relations front, including number of peoples employed:

There is no major development in human resources/industrial relations front. At present the Company has only one employee.

The Company’s Board of Directors is responsible for the preparation of the other information. The other Information comprises the information included in the Management Discussion and analysis, Board’s Report including Annexure to Board Report, Business Responsibility Report, Corporate Governance and Share Holder’s Information, but does not include financial statement and our auditor’s report thereon.

The Company's Management and Board of Directors are responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance,(changes in equity) and cash flows of the company in accordance with the recognition & measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Company Act, 2013("the Act")& the rules thereunder and other accounting principles generally accepted in India and in compliance in with the Regulation 33 of the Listing Regulations.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit we also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing the opinion whether the company has adequate internal financial controls system in place and operating effectiveness of such control.

If

- we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements/financial information of the company to express an opinion on the Financial Statements .We are responsible for the direction, supervision & performance of the audit of the financial information of the entity included in the Financial Statements of which we are auditors.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

We also performed procedures in accordance with the Circular No.CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by SEBI under the Regulation 33(8) of the Listing Regulations, as amended, to the extent applicable.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “B”-TO THE AUDITOR’S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **People Investments Limited** (“the Company”) as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the quarter & year ended.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants.

I. Background

Peoples Investments Limited incorporated in India earning income from Consultancy.

II. Significant Accounting Policies

A. Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements for the year ended 31st March, 2022, prepared under Ind AS.

B. Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

C. The Company follows the Mercantile System of accounting.

D. Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

- (i) those to be measured subsequently at fair value (either through other comprehensive income, through the Statement of Profit and Loss), and
- (ii) those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

a. Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principle and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

b. Fair value through profit and loss:

Assets that do not meet the criteria for amortised cost are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition

Income of the company consists of professional fees, dividend and other income. All income is accounted on accrual basis, except for dividend which is accounted in the year of actual receipt.

E. Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

F. Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing :

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year.

G. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

H. Segment Reporting:

As per the Accounting Standard 17 Company's business activity falls within a single segment viz. consultancy services.

I. Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognise a contingent asset unless the recovery is virtually certain.

Note 18 - Fair Value Measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
