### 5. Management Discussion and Analysis Report

#### **Industry Structure and Developments:**

The year was marked by sound fundamentals, with inflation trending towards RBI's target level of 4%, forex reserves at all time high levels and interest rates held at the same level with an accommodative stance to spur growth. The Indian economy had a strong GDP growth which was driven by capital formation and investment for the most part and to a lower extent by private and public consumption. GDP for the country is projected to grow at 7.2% during FY 2024-25 supported by resilient domestic activity, robust investment and government consumption. Indian economy remained resilient with robust 7.6% growth rate of GDP in FY 2023-24.

While there was no change in stance of the monetary policy, the market reading of the monetary policy statements indicated that the interest rate had peaked. Overall, the country is attracting many global majors for strategic investments owing to the presence of a vast range of industries and investment avenues.

#### **Opportunity and Threats:**

The annual rate of inflation based on all India Wholesale Price Index (WPI) number is 0.53% (Provisional) for the month of March, 2024 (over March, 2023). Positive rate of inflation in March, 2024 is primarily due to increase in prices of food articles, electricity, crude petroleum & natural gas, machinery & equipment and other manufacturing etc. Meanwhile, The Monetary Policy Committee (MPC) of the Reserve Bank of India (RBI) on February 8, 2024 after a detailed assessment decided to keep the policy repo rate under the liquidity adjustment facility (LAF) unchanged at 6.50 per cent.

The rise of AI poses a substantial challenge globally, especially in service sectors where employment is a concern. A recent IMF paper highlights that 40 percent of global employment is exposed to AI, showcasing both its complementary benefits and potential risks of displacement. Goeconomic fragmentation and the slowdown of hyper-globalization are leading to increased friend shoring and onshoring activities, impacting global trade and economic growth.

**Segment-wise or product-wise performance:**

The Company is solely engaged in financial consultancy services, which is the only reporting segment. The total revenue from financial advisory services stood at Rs. 6,00,000/- as compared with Rs. 6,25,000/- in the previous financial year.

**Outlook:**

Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months. Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

**Risk and concerns:**

The geopolitical crises, supply chain reorientations, global inflation, and tight monetary policy conditions seems to outweigh on the positives of the economy. Inflation may peak along with the moderation of the global economy and stability in crude oil and industrial raw material prices. A tighter monetary policy will also help bring down demand and, therefore, cap the price rise.

Reserve Bank of India (RBI) has shouldered a major responsibility of cushioning the economy from rising prices and maintaining liquidity. Yet, navigating inflation and preserving financial stability, while boosting growth drivers, have been a tightrope walk for policymakers and for the economy as a whole.

**Internal Control Systems and their adequacy:**

The Company has an effective internal control and risk-mitigation system, which are constantly assessed and strengthened with new/revised standard operating procedures. The present internal control systems are adequate and commensurate with the nature and size of the Company.

**Material developments in Human Resources/Industrial Relations front, including number of peoples employed:**

There is no major development in human resources/industrial relations front. At present the Company has only one employee.

## INDEPENDENT AUDITORS' REPORT

To the Members of  
**Peoples Investments Limited**

### **Report on Financial Statements**

#### **Opinion**

We have audited the accompanying Standalone financial statements of **Peoples Investments Limited** ("*the Company*") which comprises the Balance Sheet as at March 31, 2024 and Statement of Profit and Loss (Including other comprehensive Income), Statement of change in equity, Statement of Cash Flow for the year ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31 2024, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion

thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

**Information other than the Financial Statements and Auditor’s Report thereon:**

The Company’s Board of Directors is responsible for the other information. The other information comprises the Director’s Report including annexures to the director’s report but does not include the financial statements and our auditor’s report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance as required under SA 720 ‘The Auditor’s responsibilities Relating to Other Information.

**Responsibility of Management for the Standalone Financial Statements**

The Company’s Management and Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position and financial performance, (change in equity) and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act and in compliance with Regulation 33 of the Listing Regulations.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of financial statements by the management & the Directors of the company, as aforesaid.

In preparing the standalone financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of directors are also responsible for overseeing the company’s financial reporting process.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion, if applicable, on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements/financial information of the company to express an opinion on the Financial Statements. We are

responsible for the direction, supervision & performance of the audit of the financial information of the entity included in the Financial Statements of which we are auditors.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Annexure B to Independent Auditors' Report**

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We have audited the internal financial controls over financial reporting of **Peoples Investments Limited** ('the Company') as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended as on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants.

**I. Background**

Peoples Investments Limited incorporated in India earning income from Consultancy.

**II. Significant Accounting Policies****A. Basis of preparation****(i) Compliance with Ind AS**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements for the year ended 31<sup>st</sup> March, 2024, prepared under Ind AS.

**B. Use of estimates and judgments**

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

**C. The Company follows the Mercantile System of accounting.****D. Investments and other financial assets****(i) Classification**

The company classifies its financial assets in the following measurement categories:

- (i) those to be measured subsequently at fair value (either through other comprehensive income, through the Statement of Profit and Loss), and
- (ii) those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

**(ii) Measurement**

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

**Debt instruments:**

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

**a. Amortised cost:**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principle and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

**b. Fair value through profit and loss:**

Assets that do not meet the criteria for amortised cost are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

**Equity instruments:**

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

**(iii) Impairment of financial assets**

The company assesses on a forward looking basis the expected credit losses associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

**(iv) Income recognition**

Income of the company consists of professional fees, dividend and other income. All income is accounted on accrual basis, except for dividend which is accounted in the year of actual receipt.

**E. Employee benefits**

Employee benefits payable wholly within 12 months of rendering the services are classified as short term employee benefits and are recognized in the period in which the employee render the related service.

No provision has been made towards leave encashment and gratuity as not payable.

**F. Income Tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

**G. Earnings Per Share**

Basic earnings per share

Basic earnings per share is calculated by dividing :

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year.

**H. Cash and Cash Equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**I. Segment Reporting:**

As per the Accounting Standard 17 Company's business activity falls within a single segment viz. consultancy services.

**J. Provisions and contingent liabilities**

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognise a contingent asset unless the recovery is virtually certain.

**K. Deferred tax Asset**

The Company has not created any Deferred tax assets as there is no foreseeable profit in future years and hence deferred tax is not recognized.

**Capital Management**

For the purpose of the company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the group. The primary objective of the group when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

As at 31st March, 2024 and 31st March, 2023, the Company has only one class of equity shares. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

**Liquidity Risk**

Liquidity risk is defined as the risk that the group will not be able to settle or meet its obligations on time, or at a reasonable price. The group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related such risk are overseen by senior management. Management monitors the group's net liquidity position through rolling forecasts on the basis of expected cash flows.

(i) **Cash and cash equivalents:**

The company maintains its cash and cash equivalents, bank deposits and investment in mutual funds with reputed banks and financial institutions. The credit risk on these instruments is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies. The group monitors the credit rating of the counterparties on regular basis. These instruments carry very minimal credit risk based on the financial position of company's historical experience of dealing with the parties.

**PEOPLES INVESTMENTS LIMITED**

**Note 19 - Fair Value Measurement**

**Financial Instrument by category and hierarchy**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

**The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:**

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
